

DesignSafe All-Hands Meeting

September 20 (3-5 pm central), September 21 (11-1 pm central)

Goal: Develop plans to utilize use cases to promote the use of DesignSafe

- Identify specific use case products to share with community
- Documentation of use cases
- Promoting and publicizing use cases to research community

Attendees: PIs and associated graduate students/post-docs for DesignSafe Use Cases, DesignSafe staff at TACC

Monday, September 20, 2021 (Starts 3 pm central)

40 min: The Role of Use Cases in Fulfilling the DesignSafe Vision (Ellen Rathje)

- 20 min presentation followed by open discussion

30 min: Developing Documentation and Promoting Use Cases (Scott Brandenburg)

- 20 min presentation followed by open discussion

10 min: BREAK

40 min: Gaps and barriers to adoption

- Three 10-minute lightning talks by students/post-docs about their workflows, the challenges they experienced, and potential issues in others building off their workflows.
-

Tuesday, September 21, 2021 (Starts 11 am central)

30 min: Breakout sessions to brainstorm use case products (2 use case PIs/students plus 1 DesignSafe/TACC staff)

- Each use case PI discusses specific products that they can develop by May 2022 (before next site visit). Discuss gaps or barriers to adoption, as well as options for promotion.

10 min: BREAK

70 min: Discussions from breakout session

- **Use Case PIs:** Each use case PI presents (5 min) specific products, gaps, promotion plans
- **Students:** Separate session to discuss further workflows, gaps, challenges, solutions

10 min: Wrap up (Ellen Rathje)
